

HAPPY STAR WARS DAY...
MAY THE FORTH BE WITH YOU

Create some Star Wars characters out of toilet paper rolls

Start with a roll and use felt pens or paint to create the character.

Yoda: Colour top 1/3 green. Add small strip of light brown under the green. Colour the rest darker brown. Use black to add face. Bend the top of the roll down so two ears point out to the sides.

Chewbacca: Colour the whole roll brown. Use black marker to add face and lines to look like lots of fur. Add a piece of ribbon or tape or black marker to add a diagonal line across the body.
